JONES STILL LEADER.

He Was Re-Elected at a Caucus of Democratic Senators.

M'LAURIN NOT THERE

The Democrats Refused to Accede to Plans of Republicans to Increase Senate Committees, Giving Them Larger Majority.

Washington, Dec. 12.—All the senators elected as Democrats, with the exception of Senator McLaurin of South Carolina, were present at the caucus Wednesday, as were all the senators who were elected as silver Republicans or Populists. All the independents except Senator Teller of Colorado had entered the Democratic caucus held just before adjournment last March, but Senator Teller then remained away. He was present, however, at Wednesday's conference and participated in the proceedings.

The caucus was called at the instance of Senator Jones of Arkansas, who stated that he had thought it possible that the new senators might want to make some change in the officers of the caucuses. There was, however, a general expression of satisfaction with the present officials and Senator Jones was re-elected unanimously as chairman of the caucus. The old committee on order of business also was re-appointed, and the one vacancy on that committee was filled by the selection of Senator Dubois of Idaho, who was the choice of all the western members of the caucus.

Senator Tillman suggested that there should be frequent conferences and a continued effort to agree upon the main features of all political controversies. There was quite a general response to this suggestion, and the opinion was fairly unanimous that the party should present a united front permitting no more straggling than was absolutely necessary.

Senator Jones presented a statement from the Republican committee on committee assignments, from which it appeared that the Republicans were anxious to increase the Re-publican membership of several committees and to decrease the Democratic membership of a few of the committees.

The most important change suggested by them was that the Republicans should be allowed to add one member to their side of the committee on commerce while the Democrats should agree to surrender one place. The committee as now constituted includes 10 Republican and 7 Democratic members. It was decided vigorously to resist this innovation.

The Republicans also expressed a desire to increase the membership of the committees on agriculture and census from 9 to 11 each, the two members to be Republicans. To increase the committee on claims from 13 to 14, the Republicans to have 8 members and the Democrats 6 as against 7 and 6 respectively as the committee is now constituted. An increase is proposed in the committee on foreign relations, four of whom are Democrats. The proposal is to make it consist of 13 members, 8 of whom shall be Republicans and 5 Democrats. A change was also suggested in the committee on irrigation, which is at present composed of 7 Democrats and 5 Republicans. The proposal is to make it consist of 12 members, 7 of whom shall be Republicans and 5 Democrats. A change was also suggested in the committee on irrigation, which is at present composed of 7 Democrats and 5 Republicans. The proposal is to make it consist of 12 members, 7 of whom shall be Republicans and 5 Democrats.

BONDS OF GALVESTON.

The Holders Will Meet to Devise Some to Help Galveston.

New York, Dec. 12.—A conference will be held in this city on December 17, of Galveston's bondholders to discuss what steps are necessary to meet Galveston's financial difficulties. Galveston has failed to pay interest on some of its bonds. A committee representing the city of Galveston will be present at the conference.

Since the storm the amount paid out in interest to bondholders was \$160,000, in addition to this about \$40,000 in bonds were retired. This is the statement of the representatives of a city which sustained a loss of thousands of lives, and a property loss estimated at about \$17,000,000.

Realizing several months ago that the city could not meet its indebtedness an effort was made to fund the debt at a lower rate of interest and legislation looking to this end was secured. Resulting from this was the opening of negotiations with the bondholders, and a proposition submitted to them. The result of this proposition was the reply from a representative of the bondholders holding out no hope of a reduction of interest, but only a postponement, and this in case it was absolutely necessary.

WRIT TO RELEASE PATRICK.

It Is Denied, but a Speedy Trial Is Assured by the Justice.

New York, Dec. 12.—Albert T. Patrick, was brought before supreme court Wednesday on a writ of habeas corpus obtained by his counsel, Cantwell and Moore. The writ was obtained on the ground that the district attorney had failed to prosecute on the indictment handed down on April 25, charging Patrick with murder of Wm. Marsh Rice, that therefore the accused had been deprived of his constitutional right to a speedy trial. The hearing was before Justice Beach, Robert M. Moore asked for the discharge of the defendant. He said Patrick had been confined in the Tombs since Oct. 4, 1900, although no indictment was found until April 25, and that efforts of defendant's counsel to secure a trial on murder charges had been futile. Because of this and in order to not jeopardize the defendant's interests, in the case of murder, counsel had been compelled the secure numerous adjournments of the contest of the Rice will.

The justice said he would hold the papers in the case with the understanding the district attorney would move the case be taken upon December 26, 27 or 30. "That this case should be heard is inalienable right of defendant and I will see that it is done," said the justice. This closed the hearing and Patrick taken back to the Tombs.

INDUSTRIAL SCHOOL.

Chairman Colquitt of the Commission on Location Tells When the Bids Will Be Opened.

Terrell, Tex., Dec. 10.—Hon. O. B. Colquitt, of this city, chairman of the commission to locate the State Industrial School for Girls, gave the News correspondent the following statement today concerning the location of the institution, which is of interest to all the towns of the state that have bid for its location:

"I am asked every day something about the Industrial School, when it will be located and when the commission will meet, etc. Some seem to think that the question was to have been settled on the 7th of the present month and have asked me why the location has not been announced. Evidently the matter is not understood by many. The commission to locate this school consists of 13 members, one from each of the present congressional districts of the state. These commissioners met at Waco October 1 and passed resolutions inviting proposals for the location, requiring same to be filed with the chairman on or before December 1. The resolution also provided that the commission should meet on January 7 next and consider these bids and go from there to each town seeking the location and inspect the sites offered, and it will probably be the part of January before the

Following towns have sent in the location, and I have the list of towns M. Stoddard, secretary of the commission, and she Milner, of Henderson, and Rosser Thomas, of

The diamond drill has added millions of dollars to the mineral wealth of the world. Its inventor, Ashel J. Severance, recently died poor at Denver, Col. In 1870 he and his associates sold the patent on the diamond drill for a hundred thousand dollars and Severance lost his part of the proceeds by ill-advised investment. At the time of his death he was about to realize considerable money on the sale of a patent for the manufacture of Damascus steel which he secured a long time ago, but on account of the great number of persons who have claimed to rediscover this secret, he found difficulty in interesting anyone in his process.

Mr. Dennis Call of Orange, well known as a lumberman and banker officiated as King Nottoc at the Houston Carnival.

Quail Confiscated.

South McAlester, I. T., Dec. 12.—Capt J. H. Ellis, chief of the Indian police, confiscated 423 quail here, which were in charge of the Wells Fargo Express company to Marlin, Howe & Co., Chicago. This is the largest shipment of quail ever confiscated in the Indian Territory. It being against the law to ship quail out of the territory, the quail have been turned over to the United States marshal for disposition.

Hanged Himself.

Guthrie, O. T., Dec. 12.—Samuel P. Patton, aged 57, formerly of Iowa Grove, Ia., committed suicide near Blackwell, Kay county. He had been despondent for some time over the loss of some property, and early Tuesday morning arose quietly, without disturbing any of the family, went to a little grove, climbed a tree and, putting a rope around his neck, tied it to a limb and jumped off.

the delegates seem unable to reach an agreement among themselves, several appeals have been made to the government here to cast the influence of the United States in a manner to determine the issue. This, however, the state department has declined to do, taking the ground that having fully and properly instructed its delegates to the congress it cannot interfere with them.

Senator Blackburn Married.

Washington, Dec. 12.—United States Senator J. C. S. Blackburn of Kentucky and Mrs. Mary E. Blackburn were married here Wednesday at the rectory of St. Paul's church. Only a few relatives

SENATOR BLACKBURN.

were present. The bride was the wife of Judge Blackburn, a distant relative to the senator. She has resided in this city most of her life.

Found Dead.

Paris, Tex., Dec. 12.—A blacksmith named Middleton was found dead in bed at Slate Shoals. He was living with four little children, his wife being dead. One of the children occupied the bed with him. When they awoke in the morning they were unable to arouse him and went after a neighbor to come and see if he could arouse him. He had been dead several hours.

NEW STEAMSHIP LINE.

Ships Being Built to Run Between La Porte and England.

LaPorte, Tex., Dec. 12.—A new line of steamers to carry export trade from LaPorte to Manchester, England, is in the course of construction, and a portion of the fleet will be completed and ready to put in commission by the time the channel, now under construction between here and Galveston, is finished.

A company has been organized at Trenton for the purpose of engaging in the business of making rubber shoes with the machine recently patented by Joseph Oliver Stokes. The entire operation is done by the machine, and the shoe is said to be turned out in a manner superior to those made by hand. The finish on the outside surface is so fine that it is not necessary to put the piece through the varnishing process, heretofore essential.

Houston has got up a terrible reputation as a murder center, and unless something is done pretty soon to establish the supremacy of law and order in that city her growth and prosperity will be seriously hampered.

PREPARING FOR WAR.

Chilians Worked up Over the Dispute
With Argentine.

London, Dec. 12.—The Times pub-
lishes a dispatch from Valparaiso,
Chili, under today's date, which says:
"The first symptom at the present
juncture of possible awakening war-
like excitement among the Chilean
public is the announcement that a mass
meeting of working people is to be
held at Santiago tomorrow, to express
approval of the action of the govern-
ment in dealing with Argentine ques-
tion even this, apparently is merely
offset to another meeting, promoted
by advocates of peace at any price.
Buying of ships to take the place of
vessels of questionable efficiency. Mo-
bilization of fleet for maneuvers and
strengthening of relations with friend-
ly neighbors, Colombia and Ecuador
not regarded as signs aggressive in-
tentions on Chili's part, but only as
natural precautions, evoked by unex-
pectedly threatening demeanor of Ar-
gentine."

MURDERED BY ROBBERS.

German Farmer Found Bound, Gagged
and Dead at His Home.

Duquoin, Ill., Dec. 12.—Bound,
gagged and blindfolded, the dead body
of Edward Eichhorn, a German farm-
er, was found in his late home Wednes-
day night, three miles east of this city,
by John Thomas, a nephew. Eichhorn
was a bachelor and lived alone. He
was last seen alive on Saturday and
was supposed to have gone to his rela-
tives at Belleville. The murder was
committed with a stick of stove-wood,
with which Eichhorn's head was beaten
to a jelly.

Robbery is supposed to have been the
motive, as Eichhorn had drawn a con-
siderable sum of money at the bank
Friday.

Man Dressed as a Woman.

Austin, Tex., Dec. 12.—Quite a sen-
sation was created here last night by the
arrest of a young man dressed in fe-
male attire at the union depot. He
came in on the delayed Austin and
Northwestern train, and when he
reached here he was placed under ar-
rest but positively declined to make a
statement as to why he had disguised
himself. He gave the name of Edgar
Edwards and stated that his home was
at Mason, Tex. Edwards is 21 years
of age. His apparel consisted of a
black skirt, a colored shirt waist, a
straw hat and a heavy black veil and
light shoes. He was locked up in the
city jail. The chief of police commu-
nicated with the authorities at Mason.

Riotous Mob at Cadiz.

Cadiz, Dec. 12.—This city was in a
state of partial revolution practically
all Wednesday night. Riotous mobs,
led by striking bakers, armed with
knives and bludgeons, pillaged stores,
beaten peaceable people in the
streets, and injured a number of persons.
The whole town into a state of
panic. The night hideous
scenes were witnessed. "Long Live Social Rev-
olution" and "Down with Bourgeoisie."
were the cries of the mob. The police
were powerless to quell the dis-

of Columbia.

THE GOULD SYSTEM

Vast Improvements to Be Made in
Southern Lines.

TEXAS AND PACIFIC.

The New Orleans Division Will Be Re-
built and a New Line from Ar-
kansas City to Lake Provi-
dence to Be Constructed.

New York, Dec. 12.—George J. Gould
has returned from a tour of railroads
embraced in the Gould system—a tour
divided into two sections and lasting
about two months, covering practical-
ly the entire country from New York
to Texas, after a critical analytical
survey of not only his own railroads,
but of the financial and commercial
conditions throughout the country.
Mr. Gould returns in an even more op-
timistic frame of mind than when he
finished his big tour last spring.
Mr. Gould was asked if he were will-
ing to state at this time whether he
intended to carry out the rumored
plan of a trans-continental railroad
with the Missouri Pacific, Denver and
Rio Grande, Rio Grande and Western
and Central Pacific as the main links
in the chain.

"I have heard nothing about that,"
said Mr. Gould. "We are working
very harmoniously with our allied
railroad connections, Central Pacific

GEORGE GOULD.

being one of them."

Then Mr. Gould gave this inkling of
his plans of extending his network of
railroads in the south:

"We are contemplating a line from
Arkansas City south to Lake Provi-
dence in Louisiana. In fact, it is un-
der consideration now. The Texas and
Pacific line is to be rebuilt and ex-
tended so that it will form a through
line along the west bank of the Mis-
sissippi river between New Orleans
and St. Louis. The improvement will
include also the rebuilding of the New
Orleans and Northwestern railroad.
The new lines runs through a beauti-
ful cotton country, and at present
there is no line to serve it. The coun-
try is entirely tributary to the Iron
Mountain system, hence the construc-
tion of the branches.

"We expect to get one of the New
York City elevated roads started with
electricity in a very few days. We
have been delayed, as other people
have been delayed, by the non-delivery
of machinery. Our contracts are about
a year behind, but we expect to have
some trains running by electricity in
the near future."

Bridge Across Rio Grande.

Washington, Dec. 12.—Congressman
Stephens of Texas has introduced a
bill in the house granting government
authorization for the construction of a
free bridge across the Rio Grande at
El Paso. The present bridge at that
point is owned by private parties and a
toll is charged for its use. The Mexi-
can government has already authorized
the construction of the bridge and the
city of El Paso stands ready, accord-
ing to Mr. Stephens, to construct a free
bridge as soon as congress passes the
necessary bill.

The bridge, it is proposed, will be
built by the city of El Paso and will be
owned and free to the public. The de-
velopment of the bridge will be the de-

drowning of 14 persons.

Fell from Caboose.

Eagle Lake, Tex., Dec. 12.—Allen Harrison, brakeman on the Cane Belt railroad, fell from a caboose and had both legs and left arm mangled. He is rational, but not expected to recover from the shock. If he should, amputation of both legs and one arm will be necessary. He is a son of J. M. Harrison of Beeville, conductor on the Macaroni.

Louisville Priest Dead.

Louisville, Dec. 12.—Rt. Rev. Thomas F. Gambon, rector of St. Patrick's church in this city and vicar general and chancellor of the diocese of Louisville, died suddenly at his home in this city from heart failure, the result of an attack of the grip. Father Gambon was 64 years old and was a native of Ireland.

Supposed to Have Been Frozen.

Muskogee, I. T., Dec. 12.—News has reached the United States marshal's office at this place that S. L. Hall, a sewing machine repair man, was found dead along side of a neglected road leading to Eufaula. He had on his person a bottle of alcohol and an empty bottle. The supposition is that he had been frozen to death during the cold spell.

Land for National Park.

Savannah, Ga., Dec. 12.—The Georgia legislature has passed a bill giving the sanction of the state to certain grants of land lying in northeast Georgia, to the United States for the purpose of providing a park to be known as the palachian National park.

Pulled Out of Fire.

Denison, Dec. 12.—Mrs. N. Park, who lives about a mile northeast of Russell, fell from the fireplace, screaming and arousing two little children, who succeeded in pulling her away out of the flames.

THE GOULD SYSTEM.

Vast Improvements to Be Made in Southern Lines.

TEXAS AND PACIFIC.

The New Orleans Division Will Be Rebuilt and a New Line from Arkansas City to Lake Providence to Be Constructed.

New York, Dec. 12.—George J. Gould has returned from a tour of railroads embraced in the Gould system—a tour divided into two sections and lasting about two months, covering practically the entire country from New York to Texas, after a critical analytical survey of not only his own railroads, but of the financial and commercial conditions throughout the country. Mr. Gould returns in an even more optimistic frame of mind than when he finished his big tour last spring.

Mr. Gould was asked if he were willing to state at this time whether he intended to carry out the rumored plan of a trans-continental railroad with the Missouri Pacific, Denver and Rio Grande, Rio Grande and Western and Central Pacific as the main links in the chain.

"I have heard nothing about that," said Mr. Gould. "We are working very harmoniously with our allied railroad connections, Central Pacific

being one of them."

Then Mr. Gould gave this inkling of his plans of extending his network of railroads in the south:

"We are contemplating a line from Arkansas City south to Lake Providence in Louisiana. In fact, it is under consideration now. The Texas and Pacific line is to be rebuilt and extended so that it will form a through line along the west bank of the Mississippi river between New Orleans and St. Louis. The improvement will include also the rebuilding of the New Orleans and Northwestern railroad. The new lines runs through a beautiful cotton country, and at present there is no line to serve it. The country is entirely tributary to the Iron Mountain system, hence the construction of the branches.

"We expect to get one of the New York City elevated roads started with electricity in a very few days. We have been delayed, as other people have been delayed, by the non-delivery of machinery. Our contracts are about a year behind, but we expect to have some trains running by electricity in the near future."

Bridge Across Rio Grande.

Washington, Dec. 12.—Congressman Stephens of Texas has introduced a bill in the house granting government authorization for the construction of a free bridge across the Rio Grande at El Paso. The present bridge at that point is owned by private parties and a toll is charged for its use. The Mexican government has already authorized the construction of the bridge and the city of El Paso stands ready, according to Mr. Stephens, to construct a free bridge as soon as congress passes the necessary bill.

The bridge, it is proposed, will be built by the city of El Paso and will be owned and free to the public. The department of the interior has approved the plan.

It is proposed to build a new bridge across the Rio Grande at El Paso, Texas, to replace the old one.

Wash. Post, Dec. 12.—The department of the interior has approved the plan for a new bridge across the Rio Grande at El Paso, Texas.
